Creating the Excitement for the 100th Anniversary of Becahi!!!

“Ancestry.Beca” (Part 1 of 2 for August 2024)

Last month we listed the names of graduates whose ancestry could be traced back to the mid-1930s. ...and there have been additions since then thanks to some who wrote in to update.

To summarize the early 1930-1936 Becahi Legacy:

Sixty-nine graduates had 180 descendants who later graduated from Becahi.
(Still a work in progress.)

This month we recognize the names of graduates whose Becahi ancestry can be traced back to **the late 1930s. (1937-1939)**. I'm certain there will be additions and revisions coming... let me know!

LinkedIn is an online platform that people use to build social networks with other people who share similar personal or career interests, activities, backgrounds, or real-life connections. Many of our classmates have profiles on LinkedIn that are viewed by and shared with the public. In future newsletters, some of those profiles of Becahi grads will be posted so we can continue to share our stories and connections with each other. It's a great way to market our school and its alumni. (...and because they are Becahi Grads, I call it "BLinkedIn").

Here's what I found this month...
